2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Monson-Sultana School is a rural, single-site school district encompassing approximately 22 square miles in northern Tulare County. Approximately 445 grade TK-8 students are served. The school has been at its current location for more than 50 years maintaining a coterminous relationship with the Dinuba Unified School District. We provide our students with a wide array of technology, a science lab, library, TK-8 music program, TK-8 Physical Education program, and a licensed vocational nurse. Our student population is comprised of 93.5 % Hispanic students and 6 % white students. The school and all facilities are located on a 16 acre parcel with permanent structures ranging in age of buildings.

Our district is committed to the belief that every child can achieve academic excellence. We are blessed with a dedicated, caring, and compassionate faculty committed to student learning. Our support staff is comprised of individuals with knowledge and expertise who always put students first. Each of these groups is fully supported by a five member Board of Trustees elected by our community. Together we have one over-arching goal; to ensure the continuous improvement in academic achievement for every student.

We believe in educating the whole child by providing an instructional program that is rigorous, meaningful, and aligned with State Standards. Additionally, the District provides specialized programs that meet the needs of our special needs students and students in a variety of alternative educational programs. We are especially proud of our award winning music program.

Monson-Sultana School has maintained a high profile in the areas of technology, performing arts, and student achievement. We currently enjoy a ratio of one computer for every student in all grades, which allows students wireless access to the Internet. Our performing arts program has won numerous awards and has been designated as a model program for grades TK-5. In addition, our school offers an after school program that serves approximately 133 students in grades 1-8.

In our long-standing tradition of excellence, we maintain our commitment to students, parents, community members, and staff to provide the best educational experience possible to all of our students and families.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Monson-Sultana School is comprised of 25 classrooms, a cafeteria, library, staff lounge, computer lab, science lab, music room, and 5 playgrounds. The Superintendent works daily with the custodial staff of 5 (2 full-time and 3 part-time) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and highest priority is given to emergency repairs.

The District is in the midst of four construction projects. These include:

- Construction of a Student Events and Activities Center
- Installation of solar project
- New construction project to add one additional wing including a new library/media center
- Modernization project to include replacement of most of the primary play equipment and replacement of the current library building.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Monson-Sultana School continues its efforts to welcome parents and include them in the educational process. Parents and community embrace the school. Many students are the third generation in their family to attend Monson-Sultana. Parents are encouraged to take an active role in school and are kept informed of activities through bulletins, newsletters, letters, phone calls, a school marquee, and parent meetings. The District also has its own Web site to keep parents apprised of events, programs, and other pertinent information. Additionally, the District reaches out to parents by the means of another Web-based product that utilizes the phone system.

The Booster Club takes an active role in the school and through fundraising efforts has provided the school with many needed items, such as sports uniforms, student incentives, field trips, etc.

The School Site Council holds meetings every quarter to provide parents the opportunity for input regarding the School Site Plan. The District holds English Learner Advisory Committee meetings where parents receive information about school programs and services offered for EL students. Parents are informed through the use of our School Accountability Report Card, and a parent/student handbook. Other activities where parents are actively involved include: classroom volunteers, field trips, Back-to-School Night, parent-teacher conferences, chaperoning field trips, parent surveys, award ceremonies, and numerous extracurricular activities.

For more information on how to become involved, contact Superintendent/Principal Roberto Vaca at (559) 591-1634 or rvaca@mssschool.org

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.46	2.46	2.45
Expulsions	0.00	0.00	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Safety of students and staff is a primary concern of Monson-Sultana Elementary. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster and includes training for all staff. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are also conducted multiple times each school year. Students are supervised before and after school by certificated staff, classified staff, and administrators. Certificated staff and classified staff supervise students during lunch. There is a designated area for student drop off and pick up. Any person coming onto the school grounds during school hours must first report to the office to secure permission to be on the grounds and/or to conduct any business. The school's safety plan is reviewed and updated annually in January, and adopted by the Board on an annual basis, most recently on February 7, 2023.

Professional Development

Staff development is funded through categorical programs such as Title I, Title II, Title III, and LCAP funds. The current focus of staff development is on providing comprehensive and ongoing support in the implementation of the California Common Core State Standards (CCSS). The district has contracted with the Tulare County Office of Education to provide extensive CCSS staff development and content coaching for all teachers and administrators. A key component of all staff development is to ensure that all teachers of English Learners receive training and coaching on specific teaching practices and strategies that are proven to increase EL student achievement. With recent new additions to staff, ensuring adequate support for all new teachers has also been in the forefront via the use of peer mentors. Beginning in the Fall of 2021, the District has employed an Academic Coach to support all instructional staff. Additionally, all teachers will participate in a three day Professional Learning Communities (PLC) training either in November or June.

This table displays the number of school days dedicated to staff development and continuous improvement.
