BACKGROUND

Our review of the district's 2023-24 Second Period Interim Report and the comments included are based on information the district had available at the time the Interim Report was prepared. On January 10th the Governor presented his budget proposal for the 2024-25 fiscal year. The Governor's budget for 2024-25 proposes to preserve investments made during unexpected rapid economic growth experienced during the global pandemic. However, due to the recent economic slowdown the State is facing an estimated budget gap ranging from \$38 billion-\$58 billion. This budget deficit is addressed in the Governor's budget proposal by utilizing \$18.4 billion in total budgetary reserves, targeted budget reductions, budget shifts and funding delays with the goal of maintaining the majority of programs the Governor has put in place over the past few years.

Included in the Governor's proposal is a Local Control Funding Formula (LCFF) COLA adjustment of 0.76%. When combined with population growth adjustments, this will result in a state-wide decrease in funding of roughly \$1.4 billion. However, to maintain the level of current year LCFF funding and fund the COLA in 2024-25, the budget proposes withdrawing \$2.8 billion in 2023-24 and \$2.2 billion in 2024-25 from the Public School Stabilization Account. The Governor's estimated COLA would also be applied to other education programs funded outside of the LCFF including Special Education, Child Nutrition, State Preschool, Foster Youth, Mandated Block Grant, and the Adult in Correctional Facilities Program.

Outside of funding the COLA for LCFF, the Governor is committed to maintaining current levels of funding for cornerstone programs like the Expanded Learning Opportunities Program, Special Education Early Intervention Preschool Grant, Universal Meals Program, and the Home to School Transportation Reimbursement. The Prop 98 guarantee will also be "re-benched" in fiscal year 2024-25 to accommodate the expansion of Universal Transitional Kindergarten and implementation of the Arts and Music in School – Funding Guarantee and Accountability Act (Proposition 28). Although Proposition 98 funding is adjusted down by \$9.1 billion in 2022-23 and \$2.7 billion in 2023-24, the Governor expects State revenues to rebound from current levels which would result in an increase in funding for K-12 education in 2024-25.

Supplementing funding for schools is the significant amount of federal funding districts have received in the past couple of years to mitigate impacts caused by the COVID-19 pandemic. All COVID-19 related funding awarded to school districts is set to expire on or before September 30, 2024. It is critical that school districts thoughtfully plan for the remaining expenditure of these funds and plan for the elimination of this funding in fiscal year 2024-25 and beyond. It is likely that personnel and other operating costs are currently being funded with COVID-19 grant dollars - planning for the funding and/or adjustments of these costs in an environment without additional one-time funding is imperative.

Going forward we are faced with a higher risk of recession as the economy softens and the federal government responds to inflationary pressures. It is important to note that the Governor's 2024-25 budget proposal does not include a recession scenario and, although the Governor is not projecting any budget cuts to K-12 education at this time, conditions can change in between January and the May Revise. Recessionary pressures combined with risks unique to California including emergency preparedness costs due to wildfires, affordable housing woes, state-wide declining enrollment and the phasing out significant one-time federal funding point to the importance of planning ahead and practicing fiscal prudence.

LOCAL CONTINUITY AND ATTENANCE PLAN

It is important to note that the Local Control Accountability Plan (LCAP) document will resume as the main accountability document for K-12 education for the foreseeable future and there continues to be a growing emphasis on accountability measures. The 2021 Budget Act included language that requires districts to maintain supplemental

and concentration grant funds to increase and improve services to unduplicated pupils until the funds are fully spent. This provision effectively disallows supplemental and concentration dollars from being carried over in an unrestricted fashion from one year to the next. This provision will be especially challenging for those districts that continually fall short of meeting their minimum proportionality requirement.

In addition to the supplemental and concentration grant carryover provision, the 2021 Budget Act also increased the concentration grant percentage from 55% to 65%. The funding associated with this "add-on" must be used to increase the number of adults providing direct services to students. There has been a prompt added to the LCAP template whereby districts must describe how the additional concentration grant add-on funding will be used to increase the number of staff providing direct services at schools that have a high concentration of unduplicated students. This is an on-going accountability measure that will require tracking of how these concentration add-on funds are being spent.

Lastly, due to the passage of AB1808 in 2018 the LCAP template now incorporates a section titled "Budget Overview for Parents" which is intended to help stakeholders better understand funding decisions included in the LCAP. This bill takes an additional step towards increasing transparency over those additional supplemental and concentration dollars generated by unduplicated students. The Budgeted Overview for Parents is intended to help stakeholders better understand funding decisions included in the associated LCAP.

RETIREMENT COSTS

The Governmental Accounting Standards Board Statement No. 68 (GASB 68) reporting requirements took effect for the 2014-15 financial statements for State and local government employers. Districts now need to recognize their proportionate share of the net pension liability (NPL) for both CalSTRS and CalPERS retirees in their accrual based financial statements (Audit Reports).

The CalPERS Board adopted changes to the actuarial assumptions that became effective June 30, 2015. The changes result in a projected increase to the employer contribution rates for 2015-16 and for the following five years. The CalPERS Circular Letter 200-012-14 dated March 10, 2014 provided projected rates for 2014-15 through 2020-21 which were subsequently modified as shown below. Both the CalPERS and CalSTRS rates shown for 2019-20 and 2020-21 include the subsidy provided as part of the passage of AB84 on April 21, 2020 and rate offset included in the 2021 State Budget.

CalPERS Actual and Projected Rates					
2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	2023-24 Actual
18.062%	19.721%	20.70%	22.91%	25.37%	26.68%

Likewise, Assembly Bill 1469 increased the contribution rates that employers, employees and the state pay to support the State Teachers Retirement System. Employer rates will continued to increase until 2020-21. Thereafter, the STRS employer rate is set by the CalSTRS board.

CalSTRS Rates per Education Code Sections 22901.7 and 22950.5					
2018-19 Actual	2019-20 Actual	2020-21 Actual	2021-22 Actual	2022-23 Actual	2023-24 Actual
16.28%	17.10%	16.15%	16.92%	19.10%	19.10%

Districts should be cognizant about including the PERS and STRS rate increases projected in 2024-25 and 2025-26 as all rate offsets we've experienced in previously adopted State budgets have expired.

RESERVES

Reserve Caps – Our office continues to reinforce the need for reserves over the state minimum reserve requirements. Past experience has clearly demonstrated these minimum levels are not sufficient to protect educational programs from severe disruption in an economic downturn. The typical 3% reserve minimum represents less than two weeks of payroll for nearly all districts. Many LEAs have established reserve policies calling for higher than state minimum reserves, recognizing their duty to maintain fiscal solvency.

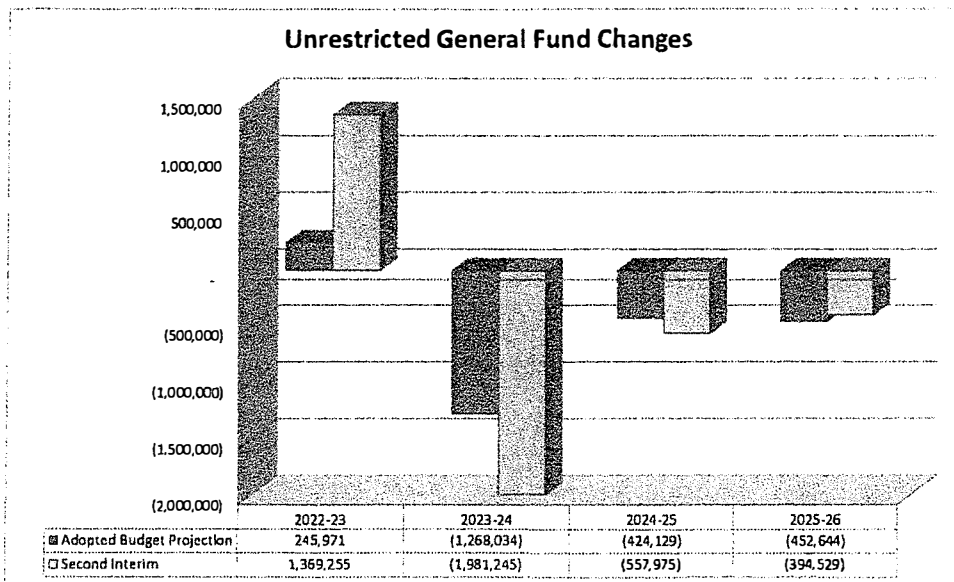

In October 2017 the Governor signed Senate Bill 751 which made significant changes to the previous Senate Bill 858 reserve cap requirements. These changes became effective January 1, 2018. The cap now allows for 10% of assigned or unassigned ending balances on a more limited number of district funds. It also exempts districts with fewer than 2,501 average daily attendance from the cap requirement.

The provisions of SB 751 are not imposed until the year after funds in the Public School System Stabilization Account (PSSSA) equals or exceeds 3% of Proposition 98 funding for school districts. The 2024-25 Governor's Budget proposal includes payments of \$339 million in 2022-23, \$288 million in 2023-24 and \$752 million in 2024-25 into PSSSA. These deposits are offset by a withdrawal of \$3 billion in 2023-24 and \$2.7 billion in 2024-25 for a net total of \$3.8 billion at the end of 2024-25. The 10% cap on school district reserves remains in place for the foreseeable future. It is recommended that districts impacted by the reserve cap take board action to commit funds for a specific purpose so they are not subject to the reserve cap.

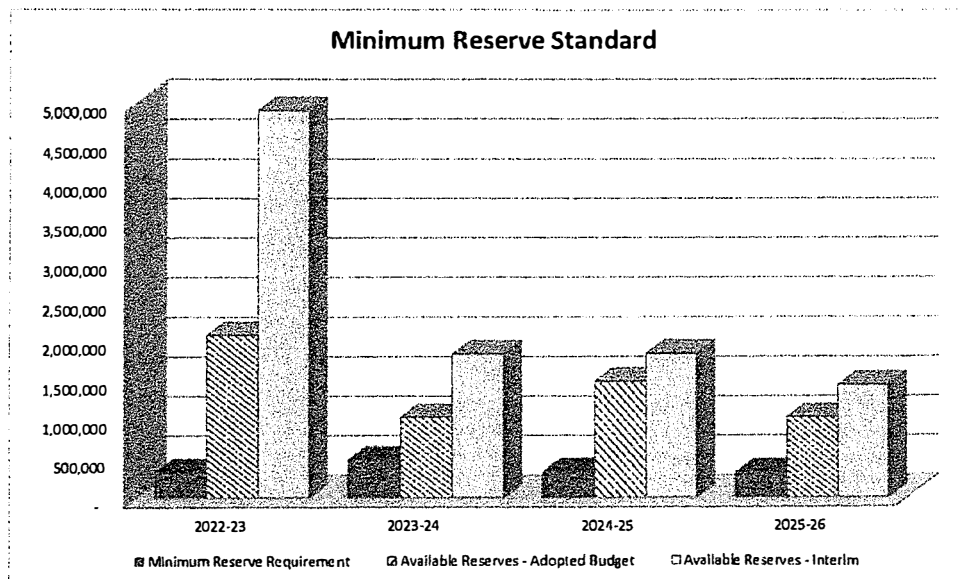

Full Accrual Financial Position - As audit reports have begun to recognize long-term pension obligations under GASB 68, districts find their annual audit report may reflect a negative unrestricted balance on their Statement of Net Position. Beginning with fiscal year 2017-18, district audit reports will also reflect the full impact of long-term commitments for Other Post-Employment Benefits (Retiree health plans) under GASB 75. This will further reduce a district's unrestricted net position. This will likely result in public concern over the fiscal management of the school district and higher costs associated with long-term financing. We encourage districts to review and understand their district's unrestricted net position upon receipt of the district's audited financial statements for 2022-23 in case questioned.

LOCAL CONTROL FUNDING FORMULA PROJECTIONS

The next page provides a comparison of the district's adopted budget and the current interim's anticipated change in the unrestricted general fund balance. The differences primarily represent an updated beginning balance for the year, changes in state LCFF estimates and changes in district provided ADA estimates.

The next graph presents the district's 2023-24 Second Interim reserve status compared with the original adopted budget and state minimum reserve requirement.

COMMENTS AND RECOMMENDATIONS

This section of our letter lists comments and recommendations we consider appropriate as a result of our review and current state budget projections.

➤ ***The district is projecting current and future reserves that reflect a sound fiscal position. We commend the district for maintaining a secure financial position.***

➤ ***There are no additional comments or recommendations.***

Exhibit A for
2024-25 ERS LIBRARY MEDIA SERVICES
AGENCY AGREEMENT BETWEEN
TULARE COUNTY SUPERINTENDENT OF SCHOOLS
AND
MONSON-SULTANA JOINT UNION SCHOOL DISTRICT

1. **TERM.** This agreement shall be effective **July 1, 2024 – June 30, 2025.**
2. This agreement covers the following sites: **Monson-Sultana School (TK-8).**

3. SERVICES.

DISTRICT agrees to:

1. Respond to SUPERINTENDENT'S email request to update the previous year's DISTRICT staff list within a month of the start of the school year for ERS Portal username and password assignments. The initial email will be sent by Sara Torabi; return all changes and updates to sara.torabi@tcoe.org. If you have additional questions about submission or format, please call 559-651-3031.
2. Reimburse SUPERINTENDENT for the replacement value of any item lost, destroyed, or stolen and pay for repair costs for items damaged while in its possession.
3. Understand and acknowledge that copying any materials owned or licensed by SUPERINTENDENT under this agreement is prohibited by federal copyright laws. This includes but is not limited to, videotaping, audiotaping, and photocopying.
4. Contact Valarie Seita, Library Media Coordinator, if there are any questions or concerns about the terms of this agreement at 559-651-3042 or valarie.seita@tcoe.org.

SUPERINTENDENT agrees to:

1. Provide online access to the Educational Resource Services Multimedia Portal. Digital resources, with correlations to the California Standards, include licensed video streaming, research and reference sources for students, digital books (many with audio and/or visual enhancement), and differentiation tools.
 - a. SUPERINTENDENT will provide each teacher and administrator with a username and password to the ERS Portal for access to online subscription content and to reserve circulating collection materials. Each school will be provided a generic student login, allowing students access to resources at school and at home; parents have access to the ERS Portal via their student's login. Login credentials are site/program specific and should only be shared with staff and students at the sites listed in this contract.
 - b. Annual on-site ERS Portal Presentations, digital citizenship, and information literacy training are available for DISTRICT staff upon request.
2. Provide circulating access to educational resource materials, including print media, STEM kits, robotics, primary document reproductions, art prints, and realia.
 - a. Print media includes core and extended literature in English and Spanish, fiction, informational text, Big Books, and professional development titles.
 - b. Small group and classroom book/multimedia kits are available, with the option of requesting a customized book/multimedia bundle.
 - c. In-person access to media at the ERS Library and Multimedia Center is available Monday – Friday, 8:00 am – 5:00 pm, closely following a traditional school calendar and holidays for closure. For hours of operation, see the ERS Library Calendar posted on the library website (<https://tcoe.org/ERS/library>).
 - d. According to the delivery schedule, SUPERINTENDENT staff will deliver and pick up circulating materials when materials have been reserved or a pickup has been requested.

- e. DISTRICT staff will reserve materials online, by phone, or in person prior to the scheduled delivery day. SUPERINTENDENT reserves the right to alter materials reservations, so they align with the site's assigned delivery day.
 - f. DISTRICT staff will renew their checkouts or return circulating items to a centralized location at their site and submit a pickup request by the due date.
3. Provide the services of the ERS Library Coordinator, a credentialed librarian, and holder of the Library Media Teacher Services Credential as "Librarian of Record" for any DISTRICT that does not employ a credentialed librarian. Ed Code 44868 allows a DISTRICT to employ non-credentialed personnel to assist in the provision of school library services. However, these individuals do not supersede the Ed Code requirement that a credentialed librarian provide oversight of school library services. This agreement further fulfills the DISTRICT's obligation under Education Code, sections 18100 and 18120. A DISTRICT is in compliance with the law when it contracts for library services with SUPERINTENDENT for the services of a credentialed librarian.
 4. Provide consultant services relative to the development of library programs, including library facility planning and training of library personnel in the provision of library services. These include the use of digital resources, library management software training, and collection development.
 - a.  5. Provide technology education and training to support DISTRICT needs.
 - a. The ERS Library's Instructional Technology Specialists will maintain a collection of pre-recorded training videos to be accessed via the ERS Portal and available to all DISTRICT staff at no charge.
 - b. Work plans are available at an additional fee for customized on-site or virtual technology professional development.
 - c. Paid training opportunities for classified and certificated staff will be offered throughout the school year.
 6. The ERS Library's Teacher Resource Center (TRC) is open for extended hours beyond the classroom day to accommodate teaching schedules. Contracting DISTRICT staff may bring their own supplies and use TRC equipment. Contracting sites pay a reduced fee for TRC materials.
 - a. Contracting agencies may request poster printing services from TRC staff solely for educational purposes. It is noted that the poster printing capacity is subject to limitations. Should the requested quantity exceed ten (10) posters, TRC staff will recommend local print shops that can fulfill the order.
 - b. TRC-made materials can be delivered to contracting sites on the next scheduled delivery day after completion or by mail (postal shipping fee will apply).
